Quick Tips

To

Consider

When

Choosing

A CMMS

Software

With these 7 quick tips, you can avoid making **costly mistake** while selecting a CMMS vendor.

1

Choose a
software that is
web-based,
mobile and
cloud hosted

2

You can't go
wrong with a
highly
customizable
Off-The-Shelf
software

3

Confirm that the
application meets
your

requirements by
requesting for a

Demo

or

Free Trial

4

Choose a
subscription based
software to keep
the vendor
committed to the
continuous support
and upgrade of the
software

5

Speak with
existing clients to
learn about their
experience and
the quality of the
vendor's support
services

6

Choose a system
that can
integrate with
your inhouse
applications such
as ERP

7

Choose a vendor
with local
presence and bind
the support
contract with an
executed SLA
document
